### Unwritten Rules by attorneys and judges use prejudice to subvert the law and violate the constitutional rights of citizens!

Unwritten Rules are a direct result of a lack of discipline for persistent non-compliance to professional standards of conduct often condoned by overseers, judges, and judicial counsels. Such unprofessional conduct leads to crimes.

Problem: Lack of Accountability of Civil (Public) Servants – Dereliction of Duty and Substandard Conduct

**Subject: Introduction to the Lifelong Prejudicing against Jeffrey L. Clemens by Errant Civil Servants**

Reference: Criminal Complaints to MAGO against attorney Pfaff, officer O’Hara, and US Marshals

**Reference: MEMO to USPO Officer Tricia Marcy in Boston, dated January 9, 2012, entitled “Third Time\* is a Charm in Case 10-10124-DPW” [ATTACHED 5 pages]**

**This report is an addition** to the first in a series of reports to the Massachusetts Attorney General Office (MAGO) in support of investigations into the criminal conduct of police, attorneys, and judges who have errantly and intentionally prejudiced the legal system against Jeffrey L. Clemens for the purpose of concealing official misconduct, crimes, and a culture of dishonesty and prejudice.

The reference memo is provided as evidence in the Assault of January 13, 2012, a crime already reported to MAGO. Tricia Marcy is a witness to the Assault, having been within 10 feet of the first of two assaults. Ms. Marcy was part of the Court’s (Probation Department) effort to label Jeffrey L. Clemens a Career Criminal. A Vanquished Victim would be a better name, given the wholesale derelictions of Sgt. Michael O’Hara, Lt. John Rooney, attorney Stephen Pfaff, and AUSA David G. Tobin.
